High-Speed Maintenance Gloss Treatment for use with Diamond-Impregnated Pads.

ADVANTAGES

- Repairs scuffs and marks without build-up
- Improves gloss and shine by renewing the surface
- Increases durability of concrete finishes
- Economical - dilutes with water
- Extends the life of floor finishes - Repairs scuffs and marks
- Labor-saving - Just microfiber mop down and high-speed burnish / buff when dry
- Contains no wax
- Will not yellow or discolor with age
- Neutral pH chemistry does not affect floor finish when recoating

DESCRIPTION

Refurbisher® is the ideal companion product for use with any high-speed maintenance program that incorporates diamond impregnated abrasive pads. Regular use of this product keeps floors looking great day after day. Concentrated for economical use. Designed to clean and restore the "wet look" to existing floor finishes. Its excellent polishing and restoring ability removes surface marks, leaving floors conditioned, dry and spotless, further prolonging the life of the finish. This highly concentrated, economical product can be diluted for application depending on surface wear and desired gloss.

Refurbisher® (Mop 'N Buff) is a specially formulated blend of inorganic Nano Lithium™ hybrid polymers that work like magic to bring new life and luster to dulled and worn floors. Use Refurbisher® (Mop 'N Buff) on a regular schedule to keep your floors

extraordinarily friendly

lithium treatments

Go Green

manufactured for Norton by

looking their very best and to maximize the life of your finish. Depending on traffic, a weekly or monthly use of Refurbisher® (Mop 'N Buff) will maintain the highest possible shine. Proper floor finish selection is critical to this system's success.

This product provides a fast and safe way to improve the gloss and shine of concrete floor finishes. Treated surfaces will have increased durability and improved stain and scratch resistance. Refurbisher® Mop 'N Buff helps restore damaged finishes by filling in scratches and scuffs.

This product meets CSMA floor polish slip resistance requirements employing ASTM test method # D 2047.

PACKAGING SIZES AVAILABLE

1 Gallon Container, 5 Gallon Pail, 55 Gallon Drum and 275 Gallon Tote.

DILUTION RATIO / COVERAGE RATE

Dilute 1 gallon Refurbisher® (Mop 'N Buff) with 2.5 gallons of water. Coverage Rate 8,000 – 10,000 sq. ft. per diluted product. (200- 250 m² per liter) **NOTE:** Coverage will vary depending on density, porosity and profile texture.

GENERAL DIRECTIONS

Refurbisher® (Mop 'N Buff) is specifically designed for use on floors pre-treated with Restorer® or Protector® High-Gloss and Wear Protection treatments. Regular intervals of diamond pad burnishing / buffing will help maintain treated floors. Burnishing will revive the high-gloss and wear protection properties of the treated surface.

MOP 'N BUFF SCHEDULE

Floors subject to heavy to moderate foot traffic should be Mop 'N Buffed once a week. Medium traffic floors should be buffed two times per month. Light traffic floors should be buffed once a month or as needed.

APPLICATION INSTRUCTIONS

1. Dust mop floors to remove surface grit. For best results auto-scrub with pH neutral cleaner and red pads.
2. Dilute 1 part product to 2.5 parts water.
3. Apply Mop 'N Buff water solution using a clean, pre-dampened microfiber pad and applicator. Apply at a rate of 8,000 – 10,000 sq. ft. per gallon.
4. Allow to dry for 10 to 15 minutes.

5. High-Speed Burnish/buff when dry. Use 1500+ rpm ultra high-speed machine burnishing with diamond-impregnated pads
6. Do not to clean or scrub the surface for a 12 hour period (no moisture contact) to prevent the possibility of "whitening" or discoloration.
See PDS directions and MSDS for complete usage and safety instructions.

CLEAN UP

Use water to clean tools and equipment. Mop 'N Buff treatments are environmentally friendly and require no special or hazardous disposal methods.

MAINTENANCE

Routine sweeping, mopping, washing and mechanical scrubbing of floors with neutral pH cleaners/water is recommended. DO NOT USE acidic or citrus cleaners or cleaners containing butoxyethanol to maintain the floor.

PROFESSIONAL USE ONLY

Building Service Cleaning Professionals and Industrial Flooring Contractors only. Not for sale or resale to the general public. Must be applied by trained or certified contractors and / or licensed field service specialists.

HEALTH AND SAFETY PRECAUTIONS

KEEP OUT OF THE REACH OF CHILDREN. Do not take internally. Avoid prolonged contact with skin. Avoid ingestion of material. If swallowed, do not induce vomiting – Call physician. Avoid contact with eyes.

manufactured for Norton by

Protective clothing is recommended. Refurbisher® (Mop 'N Buff) is an aqueous solution that uses proprietary Hybrid Polymer and Lithium silicate compounds. The treatment is alkaline and may cause eye and skin irritation. Protective goggles are recommended in case of splashing. If splashed in eyes, wash immediately with clean water and call physician if irritation persists. Contact areas should be thoroughly washed with soap and water. Additional precautions, safety information and first aid treatments are contained in the Material Safety Data Sheet. Refurbisher® (Mop 'N Buff) will bond to most surfaces - immediately wash off over spray with water and mild detergent. CAUTION: Surfaces wet with Refurbisher® (Mop 'N Buff) may be slippery.
